

# Grid Induction - hands on workshop

## Grid tutorials by international experts 22-23 December, 2004 Tel Aviv University Israel

<http://iag.iucc.ac.il>

This workshop will provide a practical introduction to grid technology. Leading international experts, Prof. **Miron Livny** (Univ. Wisconsin, USA) and Dr. **Roberto Barbera** (Univ. Catania, Italy) will discuss and demonstrate the capabilities of the Condor system and the EGEE grid.

The full program, as well as the registration form, can be found at <http://iag.iucc.ac.il>

The EGEE project brings together experts from over 27 countries with the common aim of building on recent advances in grid technology and developing a service grid infrastructure which is available to scientists 24 hours-a-day.
